Itinerary

- 16/6** Afternoon flight (Thai) Stockholm to Kuala Lumpur
- 17/6** Arrival Kuala Lumpur 11.40. Had to wait for luggage 3 hours. Left KL 15.30. Took a taxi from the airport to The Gap (ca 90 kilometres, 130 ringit). Birding around The Gap Resthouse (where we spent the night) 17.30-19.30.
- 18/6** Birding from The Gap Resthouse and two kilometres uphill towards Fraser's Hill, including ridge trail. Bus to Fraser's Hill in afternoon and birding there (mainly Hemmant trail) with local birder Mr Durai who was very helpful (Mr K.S. Durai, c/o WWF Office, Bungalow Benteng, 59000 Bukit Fraser; dure@rocket.mail.com) Night at Temerloh Bungalow (55 ringit for a double, very basic but OK).
- 19/6** Fraser's Hill. Birding from 07.00. Hemmant trail - Bishop's trail. Afternoon birding on Abu Suradi trail - Mager trail - High Pines Garden.
- 20/6** Fraser's Hill. Birding from 07.00.-19.00 with break for lunch 11-12 and check out 12-12.30. Started at the gate 07-08; then walked Telekom loop 08-11. Afternoon at the gate, ridge above gate, Fraser's Pine Resort. Changed hotel to Puncack Inn.
- 21/6** Fraser's Hill - The Gap - Jerantut. Birding from 07.00. Left Fraser's Hill by bus 16.00. Night at Jerantut Guesthouse (25 ringit per double).
- 22/6** Jerantut - Kuala Tembeling - Taman Negara. Boat left 09.30. Birding along Jenut Muda in the afternoon. Met irish birder Aidan Kelly
- 23/6** Taman Negara. Birding from 07.00 to lunch and from 15.30-19.00. Jenut Muda - Swamp loop trail etc.
- 24/6** Taman Negara. Birding from 07.00. Jenut Muda. Boat to Kuala Trenggan and walk to Kumbang hide 15.00. Stayed over night at Kumbang which has seven beds with madrasses. Birding and mammaling hampered due to heavy rains, thunderstorms and noisy people.
- 25/6** Taman Negara. Left Kumbang hide 09.30. Boat back to Kuala Tahan 11.00. Birding along Tabing trail in afternoon/evening.
- 26/6** Taman Negara. Birding from 07.00. Jenut Muda - Swamp loop etc.
- 27/6** Taman Negara - Kuala Lumpur. Birding in the garden until 09.30. Boat to Kuala Tembeling and from there bus to KL (a very good bus with aircon, took 4 hours and 15 minutes and cost 25 ringit/pers). Night at Backpacker's Inn, KL.

28/6 Flight with Thai Airways KL - Bangkok. Connecting flight to Europe delayed ca 10 hours, so we spent the night at a hotel in Bkk.
29/6 Flight Bkk - Copenhagen - Stockholm.

Systematics follows "An Annotated Checklist of the Birds of the Oriental Region" (Oriental Bird Club, 1996). We observed 180 species of birds in Malaysia (The Gap, Fraser's Hill and Taman Negara) and 12 species of mammals. Highlights include: Crestless Fireback, Malayan Peacock Pheasant, Fire-tufted Barbet, Wrinkled Hornbill, Oriental Dwarf Kingfisher, Hodgson's Hawk Cuckoo, Jambu Fruit Dove, Black Eagle, Blyth's Hawk Eagle, Rusty-naped Pitta (only heard), Dusky Broadbill, Long-tailed Broadbill, Malayan Whistling Thrush, Chestnut-capped Thrush, Lesser Shortwing, Slaty-backed Forktail, Blue Nuthatch, Sultan Tit, Black-and-white Bulbul, Streaked Wren Babbler, Golden Babbler, Black-throated Babbler, Silver-eared Mesia, Black-eared Shrike Babbler and Pin-tailed Parrotfinch.

Birds that we failed to see but were seen by other birders we met (Chow Chong Peck; Singapore, e-mail: cpchow@pacific.net.sg and Aidan Kelly; 43 Beechpark Court, Malahide Road, Coolock, Dublin 5. Phone: 00 353 (0)1 8481101; e-mail: agkelly@mail.tcd.ie) include: Bamboo Woodpecker (Chow, The Gap), Rusty-naped Pitta (AK saw one near signpost 19, *on* Bishop's trail), Rail-babbler (seen by AK after taping it out on Jenut Muda trail; when we tried together with him our last afternoon in Taman Negara it started to rain...), White-tailed Robin (Fraser's Hill), Pygmy Wren Babbler (AK Mager trail, Fraser's), Cutia (3 seen by Chow at Fraser's Pine Resort), Rufous-winged Fulvetta (Fraser's Hill).

the gate 20/6 and 2 21/6 (Bishop's trail and 1 near Puncack Inn). At least 5 heard
altogether. This species proved to be very difficult to see, although seen on Bishop's
trail by Irish birder Aidan Kelly a few days before our visit. We were very close two
calling birds (probably not more than 20 metres but couldn't see them. Frustrating!)
Birds respond to imitation but according to other birders they seldom come out on the
trail because too many birders have tried with tape recorder last years. Birds were
calling frequently during our visit.
